

THE PERSEPOLIS FEASTING MENU

Evenings at Persepolis are all about our sharing menu.

If you're hungry and not in a hurry*, it's a no-brainer. We think it is super good value, and takes you from starters via the equivalent of a main course per head, thence all the way through to desserts and coffee. It's us showing off if you like, and so you just get all the good stuff. And it saves you the hassle of splitting the bill at the end of the meal.

But even during the day it is our top recommendation. Sharing is the Middle Eastern way. And hospitality is our way. Mr. and Mrs. Shopkeeper pretty much live in the restaurant; as such you are sitting in their home. So we take the food served therein very seriously. Just sit back and enjoy whilst we bring out the bestest, freshest seasonal fare along with tasters of our house favourites....

The Persepolis Full Feast £30 a head

The Persepolis Feast minus drinks & dessert £25 a head

*Even if you are in a hurry (like, off to the cinema or something) you can still enjoy the feasting menu—we can box your desserts to go.

MEZE

We are famous for our meze platters: a classic selection of hot + cold appetisers. They vary every day (we make about 536 different types of salad & at least 26 types of houmous, for example) but are always very excellent. Choose how big you want to go. They all come either with hot bread from our tanour oven or an accompanying sauce.
